DETAILED ACTION

Response to Amendment

1. Claims 2-5, 9 and 11 are pending in this application.
2. Claims 2-5, 9 and 11 have been amended and claims 1 and 7 have been cancelled [7/30/09].

Continued Examination Under 37 CFR 1.114

3. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/30/09 has been entered.

Allowable Subject Matter

4. Claims 2-5, 9 and 11 are allowed.
5. The following is an examiner's statement of reasons for allowance:
Tamagaki et al. (US 5,452,105) neither alone, nor in combination with any of the other cited prior art, specifically teaches a non-combination instruction mark that neglects the existing combination instruction marks and sets both captured front and rear side images to be individual images and not to be combined, as previously stated in the final office action sent 5/1/09.

Art Unit: 2625

It is noted, however, by the examiner that it is well known in the art for watermarks, and the like, to be used to inhibit copying functions of image forming devices, such as in Matsunoshita (US 2003/0179412 A1), though this fact does not read over the claims as currently written. As such, claims 5 and 11 are allowable. Further, claims 2-4 and 9 are allowable at least due to their dependency upon allowable claim 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
